

# ABLE4WORK

Project Number: 2020-1-ES01-KA226-VET096058

Project Duration: 01.03.2021 – 31.08.2022

## 1. We are already halfway through the project!

The project began in April of this year and we have already reached half of the project, which will end at the end of August 2022. We are developing an App to facilitate the communication between mentors and their users in socio-labour insertion itineraries. During the last months, the consortium partners have been working on the development of this new tool. Do you want to know what we have been working on? Keep reading!

### CONTENTS OF THE NEWSLETTER:

1. We are already halfway through the project!
2. Methodological development
3. External feedback
4. Happy holidays!

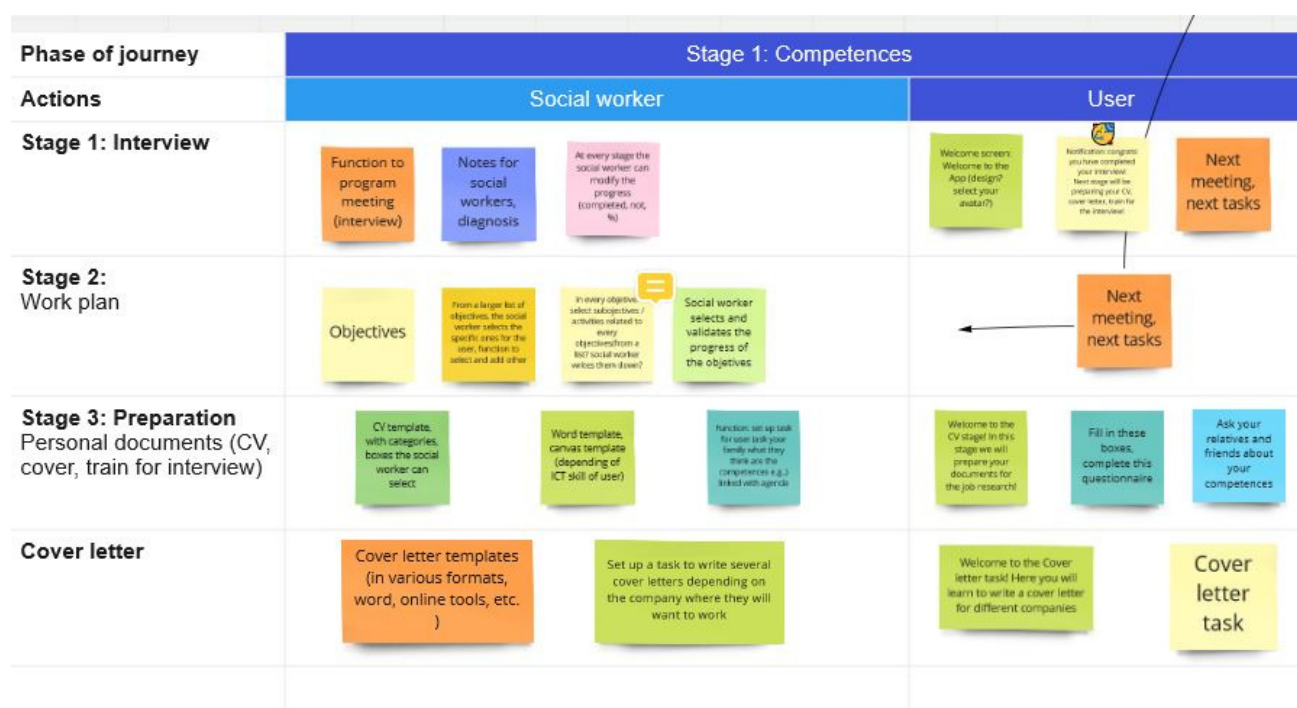

Co-funded by the  
Erasmus+ Programme  
of the European Union

THIS PROJECT IS CO-FINANCED BY THE ERASMUS + PROGRAM OF THE EUROPEAN UNION. THE CONTENT OF THE PUBLICATION IS THE AUTHOR'S RESPONSIBILITY AND THE EUROPEAN COMMISSION CANNOT BE LIABLE FOR THE USE THAT MAY BE MADE OF THE INFORMATION DISCLOSED HEREIN.

## 2. Methodological development

In the development of an application or program, first of all, it is necessary to know what will be the functions that it will have to carry out. This implies, among other things, creating a concept map about the application. The partners have been able to collaborate in this task thanks to online tools. As ideas and contributions are added, the concept map becomes more complex!

Read on to see more phases in the development of the app!

Co-funded by the

### 3. External feedback

After collaborating between the partners to have a concrete idea about what content and functions the application will have; we also wanted to know the first-hand opinions of the people and organizations that can take advantage of the tool we are developing. For that, the project partners have contacted social or public organizations that work on socio-labour insertion itineraries, to find out their opinion about our first concept of the application. We have collected feedback from about 60 organizations in 5 countries and added their contributions to the development of the app.

Do you work as a mentor in the sector and do you want to do your bit for the development of the App?!

You still have time to contribute with [your ideas and comments here!](#)
